

FIRST DISTRICT.
A Republican Convention of the First Con-
gressional District of the State of Wisconsin,
composed of the counties of Kenosha, Racine, Wan-
keesh, Walworth, and Rock, is hereby called to
meet at the village of Elkhorn, in the county of
Walworth, on Tuesday, the 19th day of Au-
gust, 1878, at 12 o'clock noon of that day, to nomi-
nate a candidate for Congress, for the District
for the next ensuing two years. Each Senate and
Assembly District will be entitled to two dele-
gates in the Convention.
Dated July 16th, 1878.

JOHN R. BENNETT,
A. D. THOMAS,
ELIHU ENOS,
T. G. FISH,
W. E. REED,
Committee.

The country can now hold up its face as
the Committee by the sea has concluded to
take a rest for two weeks.

Wade Hampton is not in sym-
pathy with the revolutionists of South Car-
olina. It is so, who governs the State?

General James Shields, the veteran sol-
dier, orator, and politician, will address the
LaSalle county (Ill.) Agricultural So-
ciety, on the 31st of September, and Rock
county society on the 5th.

The New York Tribune says that Mr.
Tilden is once more carrying the Demo-
cratic party in his breeches pocket, and
that the members who kick and squirm
will be yanked in all the more by and by.

"Constitution" and local "self-govern-
ment" in South Carolina means resistance
to the United States authorities, and a free
manufacture of whisky. Give him plenty
of negroes to kill and free whisky to drink,
and the Southern Democrat is in his proper
element.

Charles Francis Adams talks of going to
Europe in August. We hope he will
change his purpose until all danger of a
heated term is passed. His presence in the
United States is particularly desirable
when the mercury is liable to climb up to
95 in the shade.

Butler and Kearney should teach their
followers a better lesson. The latter won't
work when fair wages are offered nor will
they allow those to work who want to earn
an honest living. The labor riots in Wash-
ington are evidences that Butler and Kear-
ney are the champions of an army of
worthless tramps.

Thurman, Randall, Hendricks, and Tilden
make a queer Presidential quartet.
Thurman gets on both sides of the money
question, Randall makes beautiful speeches to
the workmen of Pennsylvania, Hendricks
is laboring to get in the good graces of
the Southern Democrats, and Tilden
with his barrel of money and large force of
clerks, is working day and night to com-
mand the situation in 1880.

We publish in this issue a very vigorous
and well-timed letter from Hon. Geo. W.
Allen, of Milwaukee, to the Sentinel. He
wants it understood that he is no office
seeker, and will not accept a nomination for
any office. He will take the stump this
fall and will work for the success of Repub-
lican principles. He says he is not op-
posed to greenbacks, but desires to have
them made even better than they are now,
and that they shall be absolutely worth their
face in gold at all times.

Mr. John Symes, who has been connect-
ed with the LaCrosse Democrat for the
past twenty years, has sold his interest in
the paper to Mr. Robert Howard. It is
said that Mr. Symes will go to Milwaukee
and engage in the publishing business.
The Democrat under the management of
Symes & Usher has been very successful.
It has always been deeply indebted to
Democracy, but it can be to its honor said
that it never was so foolish as to espouse
the cause of a worthless and irredeemable
currency.

A call for the Senatorial Convention has
been made, and is published in this issue
of the Gazette. The Convention will be
called upon to do double duty—to nomi-
nate a candidate for State Senator, and also
to elect two delegates to attend the Con-
gressional Convention which is to be held
at Elkhorn, on the 13th of August. The
Committee thought it prudent to call the
Convention in this manner and we think
they acted wisely. It is economizing both
time and trouble, and besides that it is not
too early to place a Senatorial candidate
in the field. By the tenth of August, the
time at which the Convention is called,
the farmers will have done their har-
vest, and will be able to attend the Con-
vention without much sacrifice.

Words of wisdom are these from the
New York Herald "on greenback and in-
flation": "A new inflation will not
help them. Inflation will not inflate. The
balloon burst in 1873; it will hold no new
gas. The panic of 1873 and the succeeding
depression came about not by contraction,
because paper money was then most abun-
dant, as we have shown; it came about
because of over speculation, over trad-
ing and the deep alarm which seized
prudent men everywhere as they saw
whither we were drifting. Public confi-
dence received a great shock; the men who
had anything buttoned up their pockets
and the men who had nothing but debts,
failed. Of late confidence has begun slowly
to revive; but a new inflation would
only send us back into the distress of
1873-4. It is because we have got near to
a specie basis that men are beginning to
venture timidly on new enterprises. It is
because confidence is shocked at these
greenback-labor demands for a new in-
flation that times remain hard. There is no
hope of better times for the workingman
or even for the speculators, until resump-
tion is accomplished and the inflation
movement is finally defeated."

The Republicans Renominate Gov-
ernor Connor.
PORTLAND, July 30.—The Republican
State Convention was called to order to-
day by Senator Blaine, and after organiz-
ing, a recess was taken. In the afternoon
Governor Connor was unanimously re-
nominated, and after speeches by the Hon.
Stewart L. Woodford, Senator Blaine, and
Representatives Frye and Hale, the con-
vention adjourned.

proceedings of the annual meeting of the
Board of Normal Regents. It will be seen
that the Normal School Board do assign
reasons for the dismissal of President
Phelps:
WEDNESDAY, July 10, 7:30 p.m.—Regent

YELLOW FEVER.

The Precautionary Measures of the
Illinois State Board of Health.

SPRINGFIELD, July 30.—Dr. Rauch,
President of the State Board of Health,
says in a letter to Governor Cullom, that
having been advised of the appearance of
yellow fever at several points on the Mis-
sissippi River, he is apprehensive that it
may possibly reach this State, especially
as it appears so early in the season. He
has corresponded with the health
authorities at St. Louis in
regard to the matter, and has also sug-
gested to Dr. Wardner, of Cairo, the prop-
riety of co-operating with the authori-
ties there, and also that he enter into cor-
respondence with the health authorities at
Memphis and other points below Cairo.
Dr. Rauch directs that if any cases
appear they be promptly reported, that a
meeting of the State Board of Health may
be called, if necessary.

GALVESTON.

New Orleans Passengers and United
States Mails Refused a Landing.

WASHINGTON, D. C. July 30.—The Post-
Office Department was advised to-day by
telegram that the authorities of Galveston
have refused to allow mails or passengers
to be landed from a New Orleans steamer,
and both are detained in Galveston. Meas-
ures are being taken to disinfect the mails
and land them, but passengers and freight
are to be sent back to New Orleans. Ar-
rangements are making to send the Texas
mails from the North by land, thus avoid-
ing New Orleans during the prevalence of
the yellow-fever.

Return of Horace Rublee—Meeting
of the Republican State Central
Committee.

MILWAUKEE, July 30.—The Hon. Horace
Rublee, Chairman of the Republican
State Committee, arrived here to-day from
a prolonged visit in the East. He has
called a meeting of the Republican State
Central Committee to be held to-morrow
at the Plankinton House, in this city, for
an interchange of views, and to consider
the measures of the campaign. He is un-
compromisingly hard money, and believes
in a vigorous prosecution of the campaign
with that as one of the main issues. He
does not intimate that he cherishes any
jealousy or antagonism toward the Special
Legislative Campaign Committee, but he
hopes for the co-operation of all Republi-
cans in securing the election of a majority
of the Legislature. Mr. Rublee is in ex-
cellent health, and will take personal
charge of campaign measures.

OHIO.

Meeting of the State Central Com-
mittee to Arrange for the Fall Cam-
paign.

COLUMBUS, Ohio, July 30.—The Repub-
lican State Central Committee met here
this afternoon to arrange for the fall cam-
paign. There was an unusually large at-
tendance of the leaders of the party, includ-
ing Charles Foster, ex-Governor Dennison,
and Judge West, candidate for Governor
last year. It was decided to open the cam-
paign August 24, with the following speak-
ers at the places named: Mission, James
H. Garfield, C. H. Grosvenor; Hamilton,
William H. West; Marietta, James Mon-
roe.

PRESIDENT PHELPS.

The Report of the Committee on His
Case—Reasons why the President
was Removed.

MADISON, July 31.—The following is
taken from the forthcoming abstract of the
proceedings of the annual meeting of the
Board of Normal Regents. It will be seen
that the Normal School Board do assign
reasons for the dismissal of President
Phelps:
WEDNESDAY, July 10, 7:30 p.m.—Regent
Sherman, for the committee on Teachers,
submitted the following report:
After the adjournment of the board,

January 31st, the committee, in obedience
to instructions received, went to White-
water, and consulted in person with
President Phelps the resolutions of the
Board terminating his connection with the
school at Whitewater. During the inter-
view, and in reply to inquiries, the chair-
man of the committee informed Mr. Phelps
that the board had become thoroughly
convinced that he was not in sympathy
with its plans and purposes; that he
had been so long accustomed to govern the schools of which
he had the supervision and management in
his peculiar way, that it would probably
be impossible for him, at his period in life,
to conform to the methods and views of
others; that the board had four schools for
whose management, financial and other-
wise, it is responsible to the public; that
it has for many years been working out
those normal school problems and meth-
ods which should seem best adapted to
the needs of our own State; that it is
necessary to succeed that all these
schools be conducted on the same prin-
ciples, and in essentially the same man-
ner; that we do not claim that our methods
are necessarily better than his, only that we
cannot now abandon our own and adopt
his. It was deemed unnecessary to men-
tion the other numerous and weighty rea-
sons, which, united with the above, deter-
mined the action of the board.

Mr. Phelps was further informed that
while the board had determined that his
connection with the school must terminate
at a period no later than the end of the
school year, yet they wished to give him
an opportunity to resign sooner, if he chose;
that to give him leisure and opportunity
to make the change at his convenience,
the committee was authorized to tender
him such leave of absence as he might de-
sire, with continuance of salary to the end
of the school year.

ACCIDENT.

A Severe Accident in a Pulp Mill at
Kaukauna.

APPLETON, July 30.—News has been re-
ceived that on Friday afternoon a severe
accident happened at the pulp mill, in
Kaukauna. One of the grinders, a large
stone weighing about forty tons, burst.
At the time it was revolving at the rate of
about two hundred times a minute. The
concussion was so great that it displaced
some of the machinery, which struck a
boy standing near by, inflicting fatal in-
juries. The boy had his skull, three ribs
and a leg broken and probably, sustained
internal injuries. Medical aid was im-
mediately summoned to his assistance.
The sufferer died Saturday morning. Con-
siderable damage was done in the mill
to machinery and timbers. A man on the
floor above the grinding-room was thrown
down, but, if reports are to be relied upon,
he sustained no injuries.

MONSTER HAILSTONES.

ST. PAUL, Minn., July 30.—A severe
hail storm in Carver, Rice, and Dakota
counties this afternoon did great damage
to crops. In Carver county hail stones
fell four and five inches in circumference,
covering the ground two or three inches
deep. The hail stones penetrated a car-
riage-top in one case. The track of the
storm was ten or twelve miles wide, and
its general course from northwest to south-
east.

THE FISH QUESTION.

MADISON, July 30.—The State Fish Com-
missioners having planted in the inland
waters several millions different varieties
of gold fish, issue a call to-night asking
that parties interested in fish culture, give
early information respecting reappearance
in different localities where planted.
They want this information in reliable
form for publication. Moses Hooper, of
Oshkosh, is secretary of the commission.

GENERAL SHERIDAN.

BISMARCK, D. T., July 30.—Lieutenant
General Sheridan arrived to-day from the
Black Hills, where he has been hunting a
site for the new military post. He thinks
camp J. G. Sargent at Bear Butte is the
place. He left this evening on a special
train for Duluth, where he will take a
lake steamer for Chicago.

A SENSIBLE LETTER.

Mr. George W. Allen on the United
States Senatorship and the Finan-
cial Question.

To the Editor of the Milwaukee Sentinel:
I have at various times noticed the use
of my name in the public press in con-
nection with the position of Senator from
this State. I have doubted the propriety
of taking public notice of it, but had invari-
ably told all who approached me on the
subject that I was not a candidate. It is
now due publicly to myself to state that I
am not a candidate for said position, nei-
ther do I desire it, and a personal favor
will be conferred upon me by no further
allusions being made to my name by the
press in this connection.

I am devoted to the principles and or-
ganization of the Republican party—have
been a Republican since the organization
of the party, and proud to be a Whig.
I do not pretend that the Republican party
has committed no errors, or that there
are not good men and sometimes a good
measure with the Democratic party. But
as a whole, I have and do now believe
that the supremacy of the Republican
party in the councils of the nation will be
for the best good of the country.

The question now overshadowing all
others and of intense and absorbing im-
portance is that of the currency and fi-
nance. I believe in greenbacks. I believe
they make the best paper currency the
country ever had, or ever will have. All I
desire is to make them even better than
they now are—to make them worth 100
cents, or of a full and equal value with
gold. Those who pretend to absorb the
love for greenbacks, desire to make them
worse than they now are, at least their ef-
forts tend in this direction. They want
them redeemed and floating with the
winds and tides of commerce. I desire
them stable, fixed and solid—to be honest
and honestly represent what they purport
to, coin or its equivalent. This is the issue
now before the country. Its importance
cannot be overstated or exaggerated. I
believe the material and industrial inter-
ests can never be restored to this country
until its currency becomes redeemable in
coin and of equal value with gold. Coun-
try is above party—parties arise,
live and die—the country lives for-
ever. It is entitled to and must re-
ceive all our best services and sacrifices,
even, if necessary, at the expense of cher-
ished party associations. The Republican
party, as such, is sound upon this great

question, and so long as it remains so I
shall fight under its banners. Holding
these views and realizing the great issue,
the coming fall—that all the ma-
terial interests of the country are at
stake, and hence the country itself, for
without its material interests the country
is nothing. It is my purpose to take the
people of this State on this subject
and do all that lies in my power to secure,
to our country restored prosperity in chan-
nels of business, by placing our currency
where it was intended to be when issued,
on a par with and convertible into coin—
a real paper money and no longer an article
of merchandise, subject daily to changing
values. Were I a candidate for official
position, I would not prevail upon myself
to appear before the people in advocacy of
views that I hold in connection with of-
ficial position and public service.
GEO. W. ALLEN.

ALBION.

In last week's correspondence we no-
ticed that in the article relative to the death
of Mrs. Saunders one sentence read, "it
was not thought that death was so severe."
It should have read, "it was not thought
that death was so near."
We are sorry to say that a few of our
young men are terribly addicted to spend-
ing their time lounging around the store.
Freeman Atwood has sold and deliv-
ered his wool to Johnson, of Stoughton, for
thirty cents per pound. His entire clip
was one hundred and forty fleeces, seventy
of which averaged over seven pounds each.
A number of our farmers have finished
their harvest. The spring wheat crop
amounts to but little; some so poor that
it has not been cut, and some has been cut
for feed.
A. L. Kullier, who went as Naturalist
with the Howgate expedition, is expected
home this fall. The expedition returns on
account of having failed to secure an ap-
propriation from the Government.
A large amount of tobacco has passed
through town this week on its way to Ed-
gemoor. Most of it, we understand, was
raised north of Utica.

CLINTON.

Rev. Mr. Eaton, pastor of the Metho-
dist church at Beloit, and Uncle Bennett
Wooster, talked at Temperance hall last
Sunday afternoon, and everybody said the
meeting was a good one. Elder Marston's dis-
course on Sunday evening was "Minister's
Vacations," in which he took strong
grounds against them as a rule.
Mrs. Hubbs has been quite sick for
some time past.

S. J. Simmons and family have moved
into their new house on Broadway. Find
the change an agreeable one. Judge Rob-
erts is now escorting the old house on to
the lots north of the Congregational par-
sonage.

The frame of C. Q. Hanson's house is
now up.

Everybody was around Monday after-
noon with a black spot on their nose.
The special school meeting on Satur-
day evening was largely attended, but after
due deliberation it was decided, by a large
majority, to let the appropriation, fixed at
the annual meeting, stand, but it seemed
to be a general conviction among the tax-
payers that the school expenses should be
reduced to correspond with the times.

The attendance upon the town caucus
on Saturday, owing to the busy time of
year, was small, but those present were in
favor of returning our present Congres-
sman, Hon. C. Q. Williams, to the position
he has so honestly and ably filled for six
years, and elected delegates accordingly.

We wish to call the attention of our
town officers to the fact that Canada thistles
and other noxious weeds, are going to
seed, in our village, in great abundance.

The California Herb Remedy.

YERBA BUENA BITTERS the best Blood-
Purifier, Cathartic and Liver Regulator. This is a
medicinal Bitters, not a mere fancy drink, al-
though it pleases the taste. It acts on the
Stomach, Liver, Kidneys and Bowels, producing
a natural operation and purifying the blood. It
is a thorough cathartic and regulator, purely a
vegetable compound composed of the native roots
and herbs of California. It does not cure every-
thing, but is a never failing remedy for such dis-
eases as impurities of the blood, Liver and Kid-
ney complaints, dyspepsia, indigestion, bilious-
ness, habitual constipation, headache, and states
of the mouth, disease of the kidneys, female com-
plaints, rheumatism, erysipelas, scrofula, inflam-
mation, asthma, fever and ague, piles, etc., etc.
We, the undersigned, take pleasure in saying to
the public that we have known and used the Cal-
ifornia Yerba Buena Bitters for the past two years
with the most perfect satisfaction, and believe it
will do all the proprietors claim for it. Consider
it freely safe for the most delicate, yet power-
ful and harmless in its operations, being entire-
ly free from all minerals. In short, we would
not like to be without it. As a medicine, think
it unsurpassed. B. Wheeler, James Long, Robert

REPUBLICAN SENATORIAL CONVEN-
TION.

A Republican Senatorial Convention of the
Seventeenth Senatorial District, comprising the
county of Rock, is hereby called to meet at the
Court House, in the city of Janesville, on the 10th
day of August, 1878, at 2 o'clock p.m., of that
day, to nominate a candidate for State Senator,
and to select two Senatorial delegates to rep-
resent the district in the Republican Congres-
sional Convention to be held at Elkhorn, on the 13th
day of August, 1878, and to transact any other
business that may be deemed appropriate. Each
of the towns and wards will be entitled to the
same number of delegates as in the County Con-
ventions.

POST-OFFICE NOTICE.
Daily from 8:00 a.m. to 5:00 p.m. On Sundays from 12:00 to 1:00 p.m. Money Order and Registered Letter Department open from 8:00 a.m. to 12:00 p.m. and from 1:00 to 5:00 p.m., except during the distribution of the mails. Stamps, stamped envelopes, postal cards and wrappers for sale at East front window from 8 a.m. to 5 p.m. Orders for stamped envelopes with return card printed thereon, should be left at the Money Order Department.

On Saturday night only, a through pouch from Chicago is received on the Fond du Lac train; and on Monday morning only, a through pouch is made up and forwarded to Chicago on the 7 o'clock train.

By reading this table carefully, the public can post themselves thoroughly upon the arrival and departure of all the mails, and thus avoid much inconvenience to themselves.

U. A. PATTERSON, P. M.

NEW YORK ARSENIC EATING.

Beauty for a Time, Then Positive Ugliness and the reverse.
From the New York Sun.

"She is one of the arsenic eaters."
"One of your patients?"
"No. I never saw her before. But her voice and her folly are written upon her face so plainly that he who runs may read."
"To make her pretty, as she fondly imagines. And it does seem to do so temporarily. I will tell you the signs by which you may know arsenic is at work, and you will be astonished at the number who are addicted to the vice. When you see a woman with swollen skin and puffy eyelids, plump and with a milky whiteness of complexion, you may be sure that you have a case. They think they are plump, but it is a delicious plumpness. Instead of good and alipio tissue clinging to the skin, there is only a watery secretion. They have brought about a dropsical condition of the skin. And the first most prominent place in which it becomes apparent is in the eyelids, first the lower, then the upper. Examine the skin and you will see that the pores seem enlarged and the skin between the eyes is swollen and white. And this is not confined to the face alone, you understand. I speak of the face simply because that you can see. And when you look for that transparent white color on their faces, don't be deceived by a delicate corsepy white, the red on the cheeks is paint. And no woman who uses arsenic can do without paint."
"Are there many arsenic eaters in New York?"
"A very great many," the aged physician replied. "They are two classes, actresses and the ladies of fashionable society. After arsenic has been taken for a long time," the doctor continued, "it is demanded by the system. It not only affects the skin, but it lessens the excretion of carbonic acid and urea—checking the retrograde metamorphosis—stimulates the cerebral functions, induces a sense of well-being, and in some subjects causes decided mental exhilaration. Furthermore cessation of its use permits the water distended skin to collapse, and then wrinkles and yellowness follow, instead of plumpness and transparency. What woman could you expect to accept that change when nothing more than her sanity and life was in danger? It is also said that the sudden stopping of the habit will produce all the symptoms of arsenical poisoning, and even result fatally."

The Salaries of Circus Men.

Cleveland Herald.

"How are the salaries of the performers in the equestrian profession, Mr. Barnum?"
"Well, I pay my best rider \$100 a day, Sunday included; that is \$100 a week. The leading lady equestrienne gets \$300. They generally receive about \$150 to \$200 from other concerns. Paid riders get about—well, say from \$100 to \$150 a week."
"How are the acrobats and gymnasts and that class of performers paid?"
"From \$60 to \$100 a week, according to ability and the danger of their performance. There are a great many of them; they have always plenty in the market, but I always have the best."
"Do clown receive?"
"Clowns always command good salaries, and a really first-class clown is worth from \$150 to \$175 per week, and some, such as Ted Almonte—poor Ted! who died recently, was earning more in the season."
"On advertising he was quite sane."
"Ah!" said the great showman, with half a sigh, "advertising is a heavy drain, but I don't advertise I won't make anything. My pictorial printing this year has already cost me \$45,000, but my newspaper bills in a season amount to a great deal more. My expenses for my trip three years ago amounted to \$650,000, and in that year in six months the profit was \$60,000."

Why Do Girls Get Married?
From the Elmira Gazette.

A lady at Binghamton, while looking over her husband's old clothes recently, discovered a letter which she had given him to post eleven years ago. The letter was addressed to a lady friend, and its non-arrival was the cause of an estrangement between the two families ever since.

When the immortal gods look down and see a tall young man at a church sociable, sitting on a low hassock, and trying to hold a plate of cake, a saucer and a cup of coffee in his lap, they knit their brows and think there is a mistake somewhere, and that a young man's knees should have been made like a beaver's tail, flat as a shingle, eight inches wide and turned flat side up.—Hawkeye.

BLIFLETS.

—Sweatless.
—Private picnic parties are on the increase.
—Popping pigeons on the fair grounds to-day.
—The boys are saving the nickles. Circus ahead.

—Mr. Fethers will read at Court Street church Friday night.
—The Baptist church will be renovated and washed out during this month's vacation.

—Will Bratiff has been off on a brief vacation, but is now back to his post in the Savings Bank.
—The game between the Waukeashes and Mutuals, to-morrow afternoon, will commence promptly at 3:30.

—Charles F. Comstock swore out a warrant to-day for the arrest of Bob Graham, charging the latter with assaulting him in Marshall's saloon.

—Mr. and Mrs. C. W. Kibbee have gone to Ashland, and from there will take a trip through Minnesota, returning home in about two weeks.

—Ed. Ayer, of Harvard, George Ayer, of Chicago, and Lot Smith, of Harvard, were in the city to-day. The trio took in the shoot of course.

—Ed. Gault, of last year's St. Paul club, and one of the best basemen that ever stood on that bag, will play with the Mutuals to-morrow afternoon.

—The Wilcox assault case was brought to a close to-day as far as the evidence was concerned, and to-morrow afternoon the argument will be heard.

—Mr. S. Clark Burnham, Grand Chief of Council, was in Milwaukee on Wednesday evening, and instituted a Council Department of the Temple of Honor in that city.

—Miss Emma Clark, daughter of N. H. Clark, was badly injured by falling down the cellar steps at her home. One shoulder was dislocated, and several bruises received.

—A verdant horse from the country, became frightened at the sprinkling cart, while standing hitched on Main street this morning, and tried to twist the buggy around the lamp-post. The thills alone were broken.

—Hon. J. B. Cassaday and wife have gone to Madison, where he is to meet his fellow-regents of the State University to transact some business concerning that institution. Mr. and Mrs. Cassaday will then take a week's trip to Minnesota.

—The case of Constable Shimmel charged with shooting Mr. Fonda at Shopiere, was called up before Justice Balch this morning. A physician's certificate was produced stating that Fonda's condition was such as to render it inadvisable for him to be present, and adjournment was taken until August 9.

—Without doubt the testimonial concert to be given to Ben. H. Grove, next Friday evening at Court Street church, by our resident musical talent, assisted by Prof. Bischoff, Miss Baker, and Mr. Fethers, will be as enjoyable as any entertainment ever presented in Janesville. The church should be and doubtless will be crowded, as an indication of the appreciation which the citizens have for the one honored by this testimonial, and for those who are to participate in the occasion.

—Mr. Bemis, formerly of this city, is thus noticed by a Pittsburg paper: "Mr. K. J. Bemis, Western salesman for a number of the East Liverpool potteries, and special Western agent for the Keystone Flint Glass Manufacturing Company of Pittsburg, has returned from a successful tour of four months through the West, and is taking needed rest, preparatory to the fall campaign. He reports business generally good, and the prospects for the autumn trade encouraging. He is a live man, and has no superior as a salesman on the road. We hope he may continue to be successful."

THE WATER NOTES.

The committee on water works is requested to meet at the City Council Room, on Thursday, August 1st, at half past seven o'clock p. m.

A. PALMER, Chairman.

THE WEATHER.

The thermometer at 7 o'clock this morning stood at 75 degrees above zero and at 2 o'clock at 85 degrees above. Clear. One year ago today at corresponding hours the thermometer stood at 65 and 89 degrees above.

The indications today are, for the lake region, warmer partly cloudy weather, occasional rains, winds mostly southeasterly, stationary or falling barometer, followed in the western portion by rising barometer and colder northerly winds.

MID-NIGHT THUGS.

A middle-aged man named Reilly, living at Broadhead was in the city last night and as he was passing along Franklin street near Carter's livery stable, about 12 o'clock two fellows rushed out from an alley-way and grabbed him, and one of them slugged him, knocking him down. They then robbed him of between \$5 and \$6 and made good their escape. His cries of "murder" and "help" soon attracted several to the spot, and he was properly cared for. There was a scalp wound from which the blood flowed freely, but it was not of a very alarming nature. Reilly says he does not know who his assailants were.

EXCURSION TO MILWAUKEE.

We understand that arrangements are nearly perfected for a grand excursion to Milwaukee, under the auspices of the Knights of Pythias and the Bower City Band, about August 20th. The fare for the round trip will be \$1.50, and passengers will be taken at Milton, Lima and Whitewater, and to those who buy tickets in advance comfortable seats in coaches will be guaranteed. Prominent citizens of Milwaukee are taking a lively interest in the project and have expressed a desire to co-operate in giving the visitors from "old Rock" a rousing reception and making the excursion the great event of the season at both ends of the line.

CRUELTY TO ANIMALS.

Occasionally one sees a cart or wagon driving through the streets carrying a calf with its legs tied together, in such a way as to keep the poor creature in constant torture. Complaint has been made by several citizens that they have seen of late some carelessness among those handling animals for the meat market, and occasionally a creature is unnecessarily put in pain. It is well for all interested, to bear in mind that according to an act passed in 1875, for the prevention of cruelty to animals, this tying of legs is expressly forbidden, by the following section:

"If any person shall carry or cause to be carried in or upon any vehicle, or otherwise, any creature, in a cruel or inhuman manner, by tying its legs or wings, or by packing or crowding such creature, or causing the same to be tied, packed or crowded as aforesaid, he shall be guilty of a misdemeanor, and when he shall be taken in custody therefore by any officer, such officer may take charge of such vehicle and its contents, and deposit the same in some safe place of custody, and any necessary expenses which may be incurred shall be a lien thereon, &c."

THE COUNTY FAIR.

During the first week in September, the Rock County Agricultural Society will give its twelfth annual exhibition at the fair grounds, commencing Tuesday morning. It promises to be the most successful fair yet given, and will doubtless draw hither a large number of people from this section of the State, and a creditable display in all departments. A large number of generous premiums have been offered, and every arrangement made for causing the greatest success to attend the enterprise. General James Shields, the well known soldier and orator, has been engaged to deliver the annual address. No man has ever been greeted with more flattering ovations in the West than General Shields, and his addresses have carried his audiences as though by storm. He is, without doubt, the most eloquent speaker whom the committee could engage, and it will prove indeed a rich treat. The other features of the fair have been arranged with no less care, and it now seems that nothing will be lacking to make the fair of 1878 the most enjoyable of any yet held in this county.

OF INTEREST TO LADIES.

Smith & Bostwick, in another column, present some very interesting reading for the ladies. They have been getting in a large stock of corsets, one of the finest assortments ever brought to the city, and have, as is usual with them, placed the prices where everybody can reach them easily, without stretching. They evidently mean business. They have selected eight different styles, the best to be had, and will keep up a full stock of these, so that any lady after deciding what suits her best, can get it duplicated. Besides these, Smith & Bostwick are always getting in new and attractive goods, and as long as they keep selling such goods at such prices, it is safe to say that the home trade will be kept here, and will not drift off to other cities. The business policy pursued by Smith & Bostwick is such as not only increases their own trade, but adds life and energy to the general business of the city. May they keep on in their ways.

FOREPAUGH'S GREAT SHOW.

This Colossal Undivided Exhibition, comprising Circus, Museum, Menagerie, Aviary, Aquarium and Trained Animal Exposition appears to be a general favorite in all places where it pitches its mammoth Nine Centre Pole Tents, judging from the meritorious notices it receives from the public press, and the endorsement of its patrons places it at the head of all tented amusements in America. The magnitude of this Levantine Show is at once shown from the fact that it requires Thirty-four Cars (the shortest being 40 feet) to transport the show from place to place, all of them owned by Adam Forepaugh, which forms the finest private railway equipage in the world.

This Great Show will exhibit in this city August 15th.

The Chicago Tribune says of this great exhibition:

"Adam Forepaugh's great menagerie now on exhibition on the lake front presents many attractive features that will command attention from those interested in natural history and science as it contains a choice collection of rare wild animals and birds. All may rest assured that Mr. Forepaugh presents no ordinary catch-penny affair for their patronage, but has within his ample tents a large number of the most select and interesting specimens of strange mammals and feathered fowls, that can be seen outside of the best zoological gardens in the country. Among the most noticeable is the new elephant just purchased by Mr. Forepaugh, and not yet brought into the ring. He is an immense creature, brought by the Prince of Wales from India, after his late excursion to the Punjab, having been presented to him by some native sovereign. Mr. Forepaugh purchased him in London, and he makes his first acquaintance with the American public at Chicago. The peculiarity of the animal is the stiff, black hair with which his face and back are covered. The agent showed his fine points to the representatives of the press yesterday while his negro keeper was giving him his first bath, and proposed that they christen the stranger on the spot. It was unanimously voted, after due deliberation, to call him Albert Edward, and Mr. Forepaugh was notified of the fact. Albert Edward may be readily recognized on entering the great tent by the peculiarities mentioned above. Among the other of the more remarkable animals on exhibition are two peculiar species of African antelope, called in common parlance, the cow and the horse antelope. They are the only specimens on the continent. There were only to be seen alive and in his tank of water the Hippopotamus, or river horse, from the river Nile, in Africa. Another feature was the three immense Arctic Ocean Sea Lions, sporting in their sub-aquatic mansions. 'How manifold are thy works; in wisdom hast thou made them all.' Then came the three elephants, the Comic, educated Elephants, and also the best and undoubtedly the largest Menagerie that has

ever visited this city. We advise all parents to avail themselves of this opportunity to take their children and visit the Great World's Forepaugh Show."

PIGEON SLAYERS.

The Scores Made by the Shooters in To-day's Match—Fun at the Fair Grounds.

There was some fine sport to-day among the shooters, who busied themselves popping pigeons on the fair ground. Among those who participated were: G. M. Ayer, Harvard, Ed. E. Ayer, Harvard, L. P. Smith, Harvard, W. H. Calvert, Beloit, G. G. Pritchard, Koshkonong, J. Manchester, Monroe, J. Spencer, Brodhead, P. Taylor, Brodhead, J. A. Ruble, Beloit, W. A. Bloom, Monroe, W. Bentley, Edgerton, E. Adams, Monroe, C. Valentine, Janesville, W. Taylor, Edgerton, W. Guile, Janesville, J. Littlejohn, Janesville, C. F. Mabbitt, Edgerton.

The wind was unfavorable for good scores. There were some practice shoots, after which followed the

BASE BALL.

The best ball game of the season will take place to-morrow between the Waukeasha club and the Mutuals. The Waukeasha boys have been to Milwaukee and Racine scoring victories at both places, and are thus far entitled to the amateur championship of the State; but they will certainly find foemen worthy of their steel to-morrow, as the Mutuals intend to win that title themselves if such a thing is possible. We hope to see a large attendance as the boys are playing a good game of ball, and are striving their utmost to furnish our citizens with first class games without the aid of subscriptions. All they ask is a liberal attendance.

The Chicago defeated the Indianapolis yesterday by 13 to 3.

The Forest City scored 4, and the Buffalo 2, in yesterday's game.

The Boston-Milwaukee game was postponed on account of rain.

THE DAVIDSON AFFAIR.

As it has been insinuated that I have "been industriously circulating," a story about E. C. Davidson, who left the city so suddenly, and that by my "fostering care it has become quite thrilling in its details," and that the bank has not been swindled out of any sum, I deem it but simple justice that I should state in substance what I know of the affair.

Mr. Davidson registered at my hotel, and remained there several days. One day last week, he asked me if I would go to the bank with him, and identify him. I consented, and went with him to the First National Bank, and there introduced him to the teller, as a man who had been stopping at the hotel for several days, and who was talking of engaging in business here. Farther than this I knew nothing of him, and so told the teller. The man Davidson talked of the rates of exchange, and the probability of his opening a bank account when he got his business started &c., and the teller cashed for him a draft or check, counting out over the counter \$300, which Davidson put in his pocket, and we then left.

Last Saturday morning while in my stable one of the officers of the bank came

there and inquired rather excitedly for me, and wanted to know where Davidson was. I supposed he was somewhere around but on going to the house and inquiring of the employees found that he had not been seen there since the noon before. The bank officer told me he had found that Davidson was a fraud, I asked him if he had beaten the bank, and he replied that he had, but only for a small amount.

A representative of the Gazette soon after came to the hotel, and asked what I knew about the man, and in reply to his questions I told him the same in substance. While I have not gone out of my way to circulate the story, I have not tried to suppress the facts, when questions have been asked me. While I do not care to discuss the matter, yet I deem this statement simple justice to myself, in view of insinuations made. I have no desire or intention to cast any reflections on the bank officers, but deem a simple statement of facts, no harm to anyone.

CITY NOTICES.

A Sour Stomach.

causes dyspepsia, and poor teeth produce sour stomach because the food is not properly masticated. Keep the teeth healthy, and the body at large will be in trim. Use Serravallo's regularly, for it is pleasant and healthful. Once in the house it stays there.

Once sneezed between pieces of Wood, Spalding's Glue never lets go. It is a fixture.

LOCAL MATTERS.

Ladies and Gents will always find the latest and cheapest for and staple Stationery in the city and Sutherland's Bookstore, No 29 Main street.

Liver is King.

The Liver is the imperial organ of the whole human system, as it controls the life, health and happiness of man. When it is disturbed in its proper action, all kinds of ailments are the natural result. The digestion of food, the movements of the heart and blood, the action of the brain and nervous system, are all immediately connected with the workings of the Liver. It has been successfully proved that Green's August Flower is unequalled in curing all persons afflicted with Dyspepsia or Liver Complaint, and all the numerous symptoms that result from an unhealthy condition of the Liver and Stomach. Sample bottles to try, 10 cents. Positively sold in all towns on the Western Continent. Three doses will prove that it is just what you want.

"Dobbins' Electric Soap."

Having obtained the agency of this celebrated Soap for Janesville, I respectfully, and with the opinion of some of our best people to its merits, I have washed with Dobbins' Electric Soap made by L. L. Craig & Co., Philadelphia, Pennsylvania, and pronounce it the best soap I have ever used. The rapidity and ease with which it enables one to do one's washing is really surprising. Boiling the clothes is entirely unnecessary and no rubbing is needed. I would not be without it.

NELSON KENNEDY, Keeper should be without Dobbins' Electric Soap. I can heartily recommend it, it is a charm in the wash.

As a time, labor and money saving agent, I take pleasure in recommending Dobbins' Electric Soap to my neighbors. It promises wonders and does all it promises.

MARY YEOMANS. I take pleasure in calling attention to the testimonial, as we have just made arrangements with the manufacturers in Philadelphia, so that we can supply the trade at their lowest Philadelphia price.
